

Don't waste **your** business  
time and money looking...

We can find and train your apprentice

# We can find your Apprentice

## This is the time to recruit!

Under the Apprenticeship scheme, Poultec will work with you to select the right apprentice for your business.

The chosen candidate will then be fully supported with the highest quality training to become an integral part of your team.

This initiative is based on you paying your Apprentice an Apprenticeship rate from £95 a week. All training is provided in the workplace. *We come to you!*

## See how the Apprenticeship can work for you to...

*"Having never recruited a school-leaver before, we were a little apprehensive at taking on a young apprentice with little experience of life in general. These fears were rapidly dispelled.*

*Claire has integrated well into our team. With the help and guidance of Poultec, she has a training plan which is beneficial to her, and fits well with her day-to-day duties. Looking forward, the business administration and customer service modules she has the opportunity of completing, appear to cover everything we would wish for."*

**Richard Hall**  
**Orchard Surgery**
