Training at Your Premises

Information Technology Training at Your Premises

Not all places of work have dedicated training facilities for staff training on site, which is why Poultec have invested in three learning vehicles which allow state-of-art learning facilities to be brought into your place of work.

Our IT Learning Vehicle is ideally suited for delivering IT based training in both the community and the workplace and contains high-specification laptop computers which provide workstations for ten students and one tutor. The on-board broadband connection provides high-speed internet access which, combined with its own generated power supply, means that IT training can be delivered in any location. As well as providing printing across its own self-contained network, the vehicle also has a large plasma screen for tutor demonstrations.

All our vehicles are available to hire, with or without support staff.

Other Services

Poultec offers a range of services for employers which are tailored to complement our core training delivery. These include;

Consultancy
